Hangzhou Ontime I.T. Co., Ltd is headquartered in the beautiful scenery of Hangzhou. The company integrates research and development, manufacturing, and commerce. It has set up sales and storage centers in Prague and Dubai, sales centers in the United States, and established a complete service network in Europe, the United States, the Middle East and Asia.

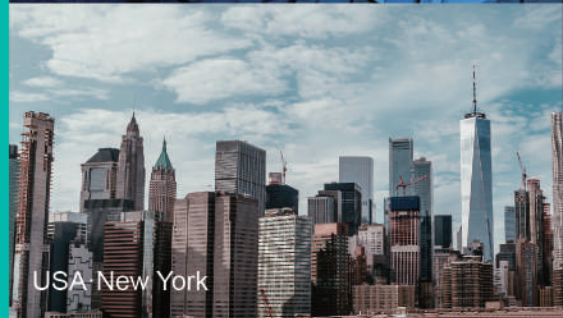

As a strong manufacturer of the full range of EAS products, we provide a series of EAS anti-theft solutions for international chain supermarkets and department stores. At the same time, in order to meet the retail development trend in the era of big data omni-channel marketing, our company has in-depth development of a full range of smart retail solutions, and has always regarded independent research and development as the top priority of technological innovation. In the process of gradually mastering the core technology, we continuously optimize the technical solutions and carry out product iterations, and quickly accumulate a wealth of project research and development experience.

As of 2019, our company has more than 100 domestic and foreign utility model and invention patents, and more than 80 software copyrights. In terms of production, our company introduces advanced equipment and manufacturing technology, implements strict quality management and standardized after-sales service standards, and spares no effort to provide customers with better products. Our products meet various high-standard certificate indicators, such as ISO9001, ISO14001, CE, ROHS, REACH, PSE, etc.

WE DO EAS BETTER!
